

Electronic Test- and Measurement

Agilent Technologies

Various digital oscilloscopes and i/O connectivity products, bench-digital multimeters & generators, lab power supplies, USB-data acquisition products, handheld DMMs and oscilloscopes

Test and measurement instruments like FFT signal analyzers, (synthesized) function & arbitrary waveform generators, time interval/frequency counters, lock-in amplifiers, photon counters, etc.

RF & EMC spectrum analyzers
EMC & EMI test-antennas
USB analyzers
Near field probes
Shielding & screening materials

Preeminent manufacturer of impedance instruments like capacitance, resistance, inductance, megohmmeters, voltage and current sources etc.

Elektro-Automatik

AC & DC sources, power supplies, electronic loads; DC systems and power supplies specifically for the telecom industry

High tech, compact, portable (transient) recorders and data acquisition systems from either Dewetron or Graphtec

Calibration

Multi-product calibrators, high resolution counter/timers, dry block temperature calibrators and precision thermometers (Hart Scientific), data loggers, pressure and flow calibrators (DHI)

Fast and stable electrostatic volt meters, fast high voltage power amplifiers, high voltage precision reference supplies

Broad line of "Network supervision and trouble-shoot solutions" for copper-fiber & wireless network-infrastructure

Video test generators for analog and digital displays, CRT and TFT flatpanel-displays

Handheld test equipment, multimeters, oscilloscopes, timers & function generators, power supplies, data loggers & recorders.

High voltage pulse generators, pulsed laser diode drivers, current sources, dielectric/insulation test systems

ACAL BFi Nederland bv
